Wedding DJ Pricing

One price - $1500   up to 8 hour day from the time I arrive
While every couple and wedding is different, my job is always the same: remove distractions and make sure the bridge, groom, and guests have a blast! While my prices are lower than many other DJs, I have worked over a hundred weddings and that experience has me ready to help run your big day from behind the scenes. Very few things impact the price of what I charge but there are a few. See the bottom list for those factors.

Refund Policy
        I will hold your date for 7 days after my first response to inquiry with no money down. I require a non-refundable $500 deposit due at contract signing to hold the date. Remaining balance due 7 days before ceremony. In the event the wedding is postponed for any reason, I will honor the original contract for a rescheduled event up to 1 calendar year from the original ceremony date with no additional fee based on my availibility. If rescheduled wedding is after the calendar year, a new contract and deposit will be made to secure services again.

Service Provided
- arrive 2 hours before the ceremony to setup and soundcheck
- full wedding ceremony DJ
